Description

SoundPhoto - sound absorber with your own photo/picture!

Product Description:

Wide-band acoustic panels, rigid construction with internal frame, sound absorbing material - 50 mm acoustic foam.

The panel is finished with high quality photographic canvas - we can print any picture or photo you send. Send us your graphic files after placing order. We can print everything you will send (full color or black&white).

Perfect for any walls or ceiling. Effectively reduces reverb, flutter echo, sound reflections and any other acoustic issues in your room.

When placing an order please send us your pictures to print on panels. You can send your photos, drawings or find some interesting on stock photos websites.

Specifications :

- Effectiveness - wide bandwidth
- Rigid internal frame, photographic canvas with your pictures print
- Dimensions: **104 x 54 cm**
- Depth : **55 mm**
- **Sound absorbtion material - high density acoustic foam**
- Weight = 4 Kg

If you own a business and you are VAT registered holding current European VAT ID - contact us before ordering to receipt of the invoice with 0% VAT rate .
